

Job Shadow Day February 2, 2009

Job Shadow Day is designed to give students an up-close look at what a “real job” in the real world is like. Keep in mind these are your future customers and employees.

Your organization can help students identify the skills needed for success by:

- Discussing your organization
- Touring your facility
- Providing hands-on opportunities
- Providing lunch

On February 2, 2009 students grades 7-12 want to spend 4 hours at local organizations like yours.

A comprehensive workplace coordinators guide will be provided to help you plan your day.

Last year, over 200 companies participated in placing over 6,000 students in a Job Shadow experience!

Students participate in pre-visit activities and select a career interest area.

- Students arrive from 9 - 9:30 A.M.
- Students depart from 1:30 – 2 P.M.
- Schools provide transportation.

My company would like to participate in Job Shadow Day 2009!

Company name: _____

Address: _____

_____ Zip _____

Contact person: _____ Phone: _____

Fax: _____ E-mail: _____

How many students would you like to host? _____ What grade level? _____

In which areas will students be placed? _____
